It is to be understood that inclusion in this Directory carries with it no ecclesiastical or party significance whatever. The book should be kept up-to-date by copying into it the alterations noted in “The Witness” monthly.

Editor's Note

THIS Directory is compiled, not in any sense as indicating that only the Meetings named can claim the promise of Matthew 18. 20, but as providing a **useful guide for Christians moving to and fro** where they may find a Company of Christians cleaving to God and to the Word of His Grace" (Acts 20. 32), and where one (1) truly "born again," (2) sound in the faith, and (3) godly in life will be "received to the glory of God" (Rom. 15. 7).

As wisely stated by the compiler of the original issue—

"The List should not be regarded as **Official** or **Complete**, for it is published upon my own responsibility; and whilst I have endeavoured to exclude Meetings in which false doctrine regarding the Person and work of the Lord Jesus, or other fundamental error, is allowed, it is not to be supposed that every Assembly recorded in the List is in a spiritually healthy condition.

"I would earnestly ask those who may possess a copy of this book not to allow it to get into the hands of religious impostors, or to be used for appeals for building halls, etc."

Persons using this List, and addressing communications: "TO THE BELIEVERS AT ——— HALL," or such style, do so entirely on their own responsibility, and must not be taken to be "commended" or "certified" in any way, unless they bear the names of accredited elder brethren.

Christians should be warned on no account to give money to strangers *until inquiries have been made*. Hundreds have been defrauded by not observing this sane rule.

Particulars of New Meetings, Alterations in Addresses, and other changes are given in *The Witness* month by month. These should carefully be recorded herein. Advice concerning any change in Hall or Correspondent should be promptly sent to the Editor of *The Witness*, 14 Paternoster Row, London, E.C.4.

The Address of Assembly in any town of importance

NOTE CONCERNING DIRECTORY.

abroad may usually be had by applying to the Editor. He will also be pleased to put any young or lonely Christian in touch with one more experienced in most districts of the British Isles and many foreign parts.

In these days of Apostasy, Impostors, and Seducing Cults, it is well that Christians avail themselves of the Godly use of "letters of commendation" (2 Cor. 3. 1).

Correspondents in Assemblies would help greatly in the compilation and correction of this invaluable help to "His Own" by sending a post card with Name of Hall, Street, and Correspondent to

THE EDITOR of *The Witness*,

14 PATERNOSTER ROW, LONDON, E.C.4.

Alterations or Removals of Halls or Correspondents, starting or discontinuance of Meetings, etc., should be promptly intimated, and will be inserted in *The Witness*, when the Publishers and those taking "care" of Assemblies will bring list up-to-date, and thus avoid passing on wrong or antiquated information. Visitors finding information in this book **incorrect**, or any place not inserted, might also assist Editor in making the necessary correction.

Again asserting that this List does not bear the endorsement of any meeting, body, or company of elders or other authority, but is purely a private attempt to guide individual Christians moving around, to likely places where they can fellowship according to the principles of the New Testament.

Directory of Assemblies

Days and hours of Meetings have not been given, as it was found these change so often according to seasons and circumstances. In most places, unless marked, "Gospel only," believers meet to Break Bread each Lord's Day Morning at 10.30 or 11 (if not sure, be there at 10.30). Gospel Meetings each Sunday Evening at 6.30 or 7 (if not sure, be there at 6.30). Week Night Meetings invariably 7.30 or 8.

If possible consult the Notice Board or inquire from one of the elder brethren on the Saturday or week day previous.

Assemblies should see that their Notice Boards are not only clean, but *up-to-date*, and not misleading.
