

1985 Address Book
OF SOME ASSEMBLIES OF CHRISTIANS

Preface

This book comprises a list of those assemblies of Christian brethren in various parts of the United States, Canada and a few closely related areas who:

1. Have submitted their names, addresses, time and nature of services, and the name of a responsible brother for publication.
2. Have expressed thereby a desire for Christians to have fellowship one with another.
3. Are believed to be following those principles and practices taught in the Scriptures.

The book is intended to be used by Christians who travel or move from place to place as a convenient means of locating other believers with whom they may share like beliefs and practices. Scripture admonished strangers to carry with them letters of introduction (Romans 16:1,2).

This book is not to be used as a source of names for solicitation, nor should the owner of a handbook be received because of such ownership. Nor does the book comprise in any sense a list of all Christians in any locality who love, honor and serve our Lord.
