tel (416) 920-4391
fax (416) 920-7793
e-mail msc@io.org

Another link
to MSC;
the workers at home and abroad;
and their commending assemblies.

PREFACE

Most of the information in this booklet was obtained from our own correspondence files. We acknowledge, with thanks, some information obtained from other publications such as News of Quebec.

There are three pieces of information which we try to obtain for each local church.

1. The site address.
2. A mailing address
3. A telephone contact

This is the third edition of Reference Book Five, and it has been our purpose to bring the information about the various assemblies as up to date as possible. Since we depend to a large degree on feedback from the various parts of Canada, it is possible that we have presented some data that are not correct. If you are aware of changes in data that we need to make, please advise us. This little booklet has had wide acceptance, and we appreciate the part you have played in keeping it accurate. Thank you!

FOREWORD

Eight years ago, in October 1987, we launched Canadian Links—the first in a series of little reference booklets. The purpose: - “to promote missionary interest among assemblies and to encourage missionaries”.

Since that first, tentative publication, a total of eight distinct booklets have been issued. Some, because of the nature of the information contained, have been revised and reissued in that time also. We have been overwhelmed with the reception each one has had amongst the Lord's people across Canada, and in other lands.

The question could very well be asked, “*Why has MSC taken upon itself to publish this series of booklets?*”

MSC Canada is a committee dedicated to the service of the assemblies in Canada, and the missionaries commended from those assemblies. We believe that forging links is an important aspect of our service, whether the links be between the assemblies and the missionaries, or between the various assemblies themselves. We have received many letters and comments that tell us that these little booklets have indeed contributed to that end.

Two of the more popular of the series have been Reference Book Three; **Workers Abroad**, and Reference Book Five; **Local Churches**. First published in 1989 and revised in 1992, the latter has been due for a second revision for some time now because of the many changes that have taken place across Canada. We trust we have been able to incorporate most of those changes in this edition.

It is our prayer that the Lord will be able to use this booklet to His honor and glory as it is issued at this time.
