Dear Brother in Christ,

I am in receipt of your letter asking for papers respecting the decision of the assembly here. There is much circulated that is not true, and many accusations made against me personally that are absolutely false. The ignoring of the assembly's decision of 1903 has brought in the present confusion. But the Lord is trying the hearts of all as to how far we hold the truth we profess to be walking in with Him.

The whole ground of being gathered to His Name as members of His body in separation from evil is being given up, and open ground accepted. But we cannot be surprised when we read the Epistles that speak of the evil of the last days.

May God in His grace preserve a few true to the Lord until He comes.

I enclose cheque £2. 10. 0. for Sowers for this year.

Please note change of address as above.

With love in the Lord

Yours affectionately in Him,

*W. M. Sibthorpe*
